The cogs in the wheel of education run more smoothly because of the cooperation on all levels. Teachers and administrators alike must do their part.

A strong administrative command is needed in such a large district, and the Glendale Union High School District is fortunate in having such an administration.

Reception and Records Occupy Office Staff

Statistics, facts and figures play an important part in the days of these ladies. They render their services to students and faculty whenever they are needed.

Without their help the records would not be kept straight, the book store could not operate and the health problems of the school would be greater.

Each task that they perform helps the school to run more smoothly.

To Alice, a fellow auxilary member, Lots of Luck.

School Board Gives Ideas

The members of the school board not only give much of their time to the problems and perplexities of the school system, but they also form new ideas and opinions.

Because of their interest and efforts, our school system runs more smoothly although it is always growing.

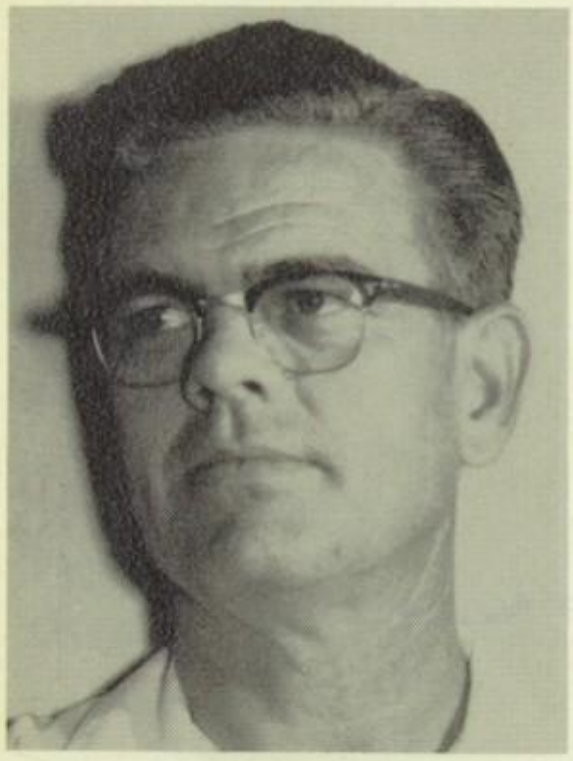
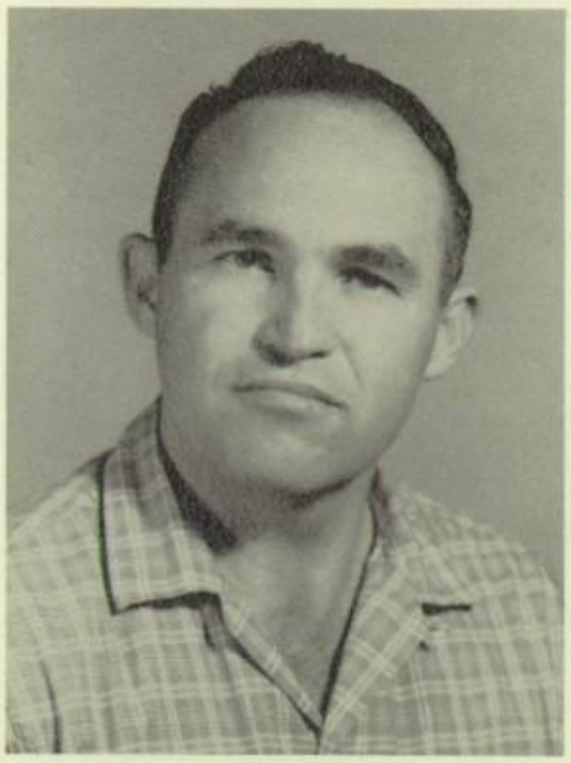
Organized Confusion Produces Panorama



Mr. Robert Cooley
Journalism Advisor

The journalism and photo departments work hand in hand to produce the Ram Page and the Panorama.

Photographers do all of their work on their own time. The taking and developing of all pictures is done outside of school as there is no photo class.



Mr. Frank Taylor
Photo Advisor

Members of photo department rush to meet the picture deadline for the Panorama.

Machines and gadgets play an important part in the work of the photographers. Enlargers, developing tank, drier are just some of the important photo equipment.

Panorama staff members work to meet deadlines also. Their work includes planning page layouts, numbering pages and seeing that picture requests are in to the photo department.

All work is done in the journalism room after school. Members of the annual staff are volunteers.

Counselors Solve Problems

It is the job of the counselor to help the students assigned to him or her with whatever problems might arise.

The boys of FFA learn to accept the responsibility of their own livestock. Feeding them and caring for them takes up much of their time.

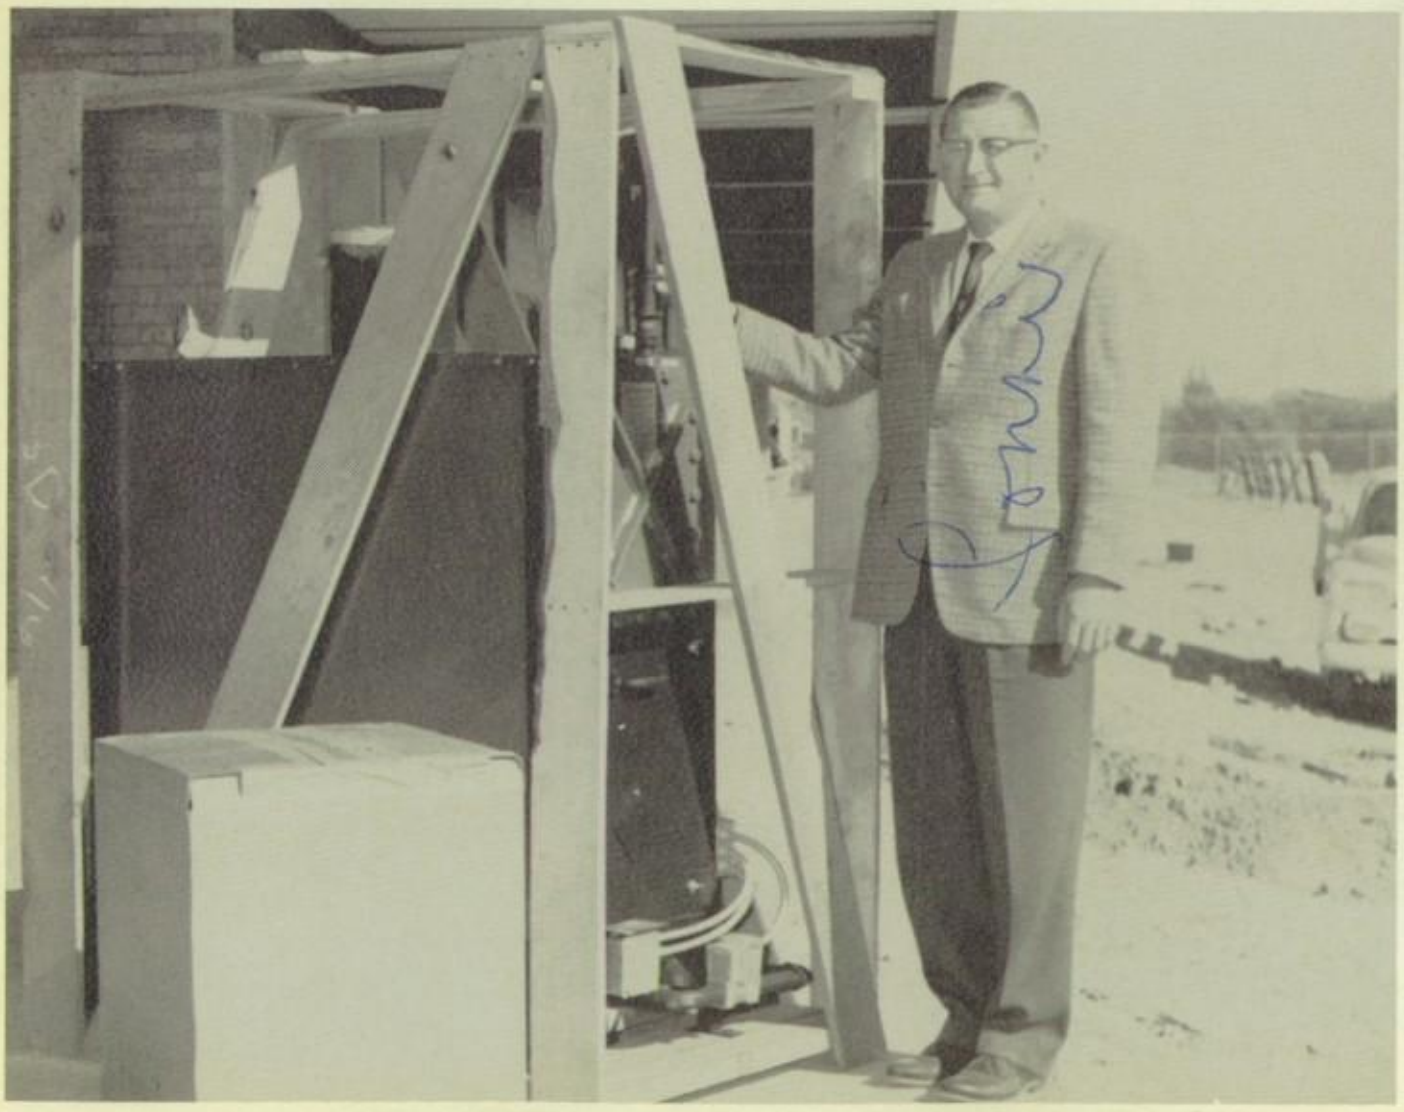
Custodians Always Help Students

If we at Washington stopped to count the many times that one of these fine maintenance men has come to our aid, we would no doubt run out of fingers to count on before we ran out of deeds that they have done.

Who always sees that there are risers for any occasion, or folding chairs or other things?

Mr. Jud Simpson
Head Custodian



Mr. Lonnie Burchett, Supervisor of building and grounds, looks over heating unit before it is installed in the new wing here at Washington.

Hard work produces good meals and the cafeteria staff evidently is satisfied with the one just put out. Left to right: Elizabeth Christiansen, Mgr., Arlene Troyer, Elsa Blasucci, Bertha Sinanovic, Maude Hicks, Wilma Nelson, and Virginia Tesmer.

Cafeteria Help Aims to Please

The ladies of the cafeteria staff do their best to make lunches pleasant for the many students at Washington. They see that the diet is balanced and that the food is appetizing to the students. It is not easy to please so many students, who obviously all have different tastes.

Mrs. Christiansen
Cafeteria Manager

This sight of construction is the new wing being added for more classroom space. Similar construction is going on in back of the cafeteria as it expands to meet the needs of a growing student body.

Dedication

A carpenter must know how to measure boards, how to brace a wall, and how to lay a floor in order to build a good house. If he tries to build the house by the trial and error method, the house will not come out as well as he wishes.

Through the knowledge gained by education from the mistakes and successes of others he is able to build a good house the first time he tries.

Education promotes progress and the modern methods of education make progress move rapidly.

Throughout this yearbook we have tried to link progress with our own community as well as Washington High School. Progress is important to each student of Washington.

We therefore dedicate the 1961-62 Panorama to progress through education in the hope that each student will do his part to further progress.

Sergeant-at-Arms

"Why don't those annual people show up for the picture they schedule?" — such was a common complaint of the WHS photo staff. Sometimes the shoe was on the other foot — but all in all, the photo-annual, photo-newspaper relations were pretty good. The photographers were working on their own time and both annual and newspaper kept them busy— Sometimes things got pretty hectic, but they always came through before the deadline.

Campus Scenes are vividly told on the next six pages. They describe a year of fun filled activity on the campus. Such as basketball games, school plays, concerts, and dances. All of these reflect the bright spirit of school life.

Strange Happenings Take Place on Campus

"Ah," is all that senior, Danny Pollard, seems to be able to say as school nurse, Mrs. Eunice Murphy, checks his sore throat. This is normal procedure in the health center.

Alison Loofboro seems to be in a pensive mood.

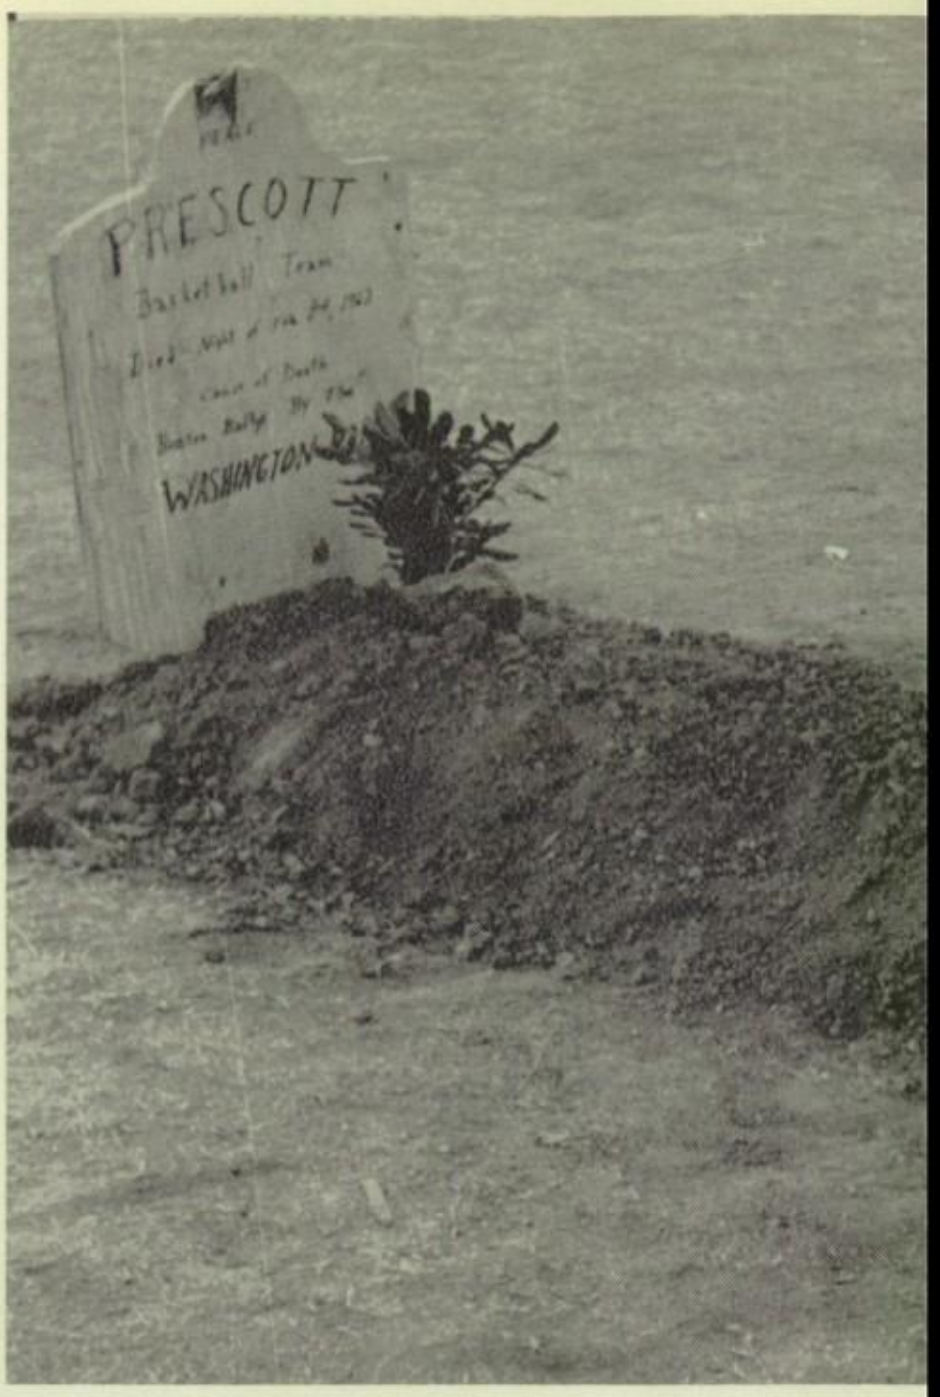
Sitting in these wild desks is rough work, as Mike Longstreth, Ram Page Editor, found out after falling over backwards. Mike is getting a helping hand from Joan Christiansen, Carl Fosdick, and Jan Pike while Jim Nelson and Sharon Riordan look on.

That marching really gets a girl down at times.

"Oh, is that so?" says Chris Kerrigan, no doubt, but Barbara Roehrig and Jeanette Holmes don't quite agree.

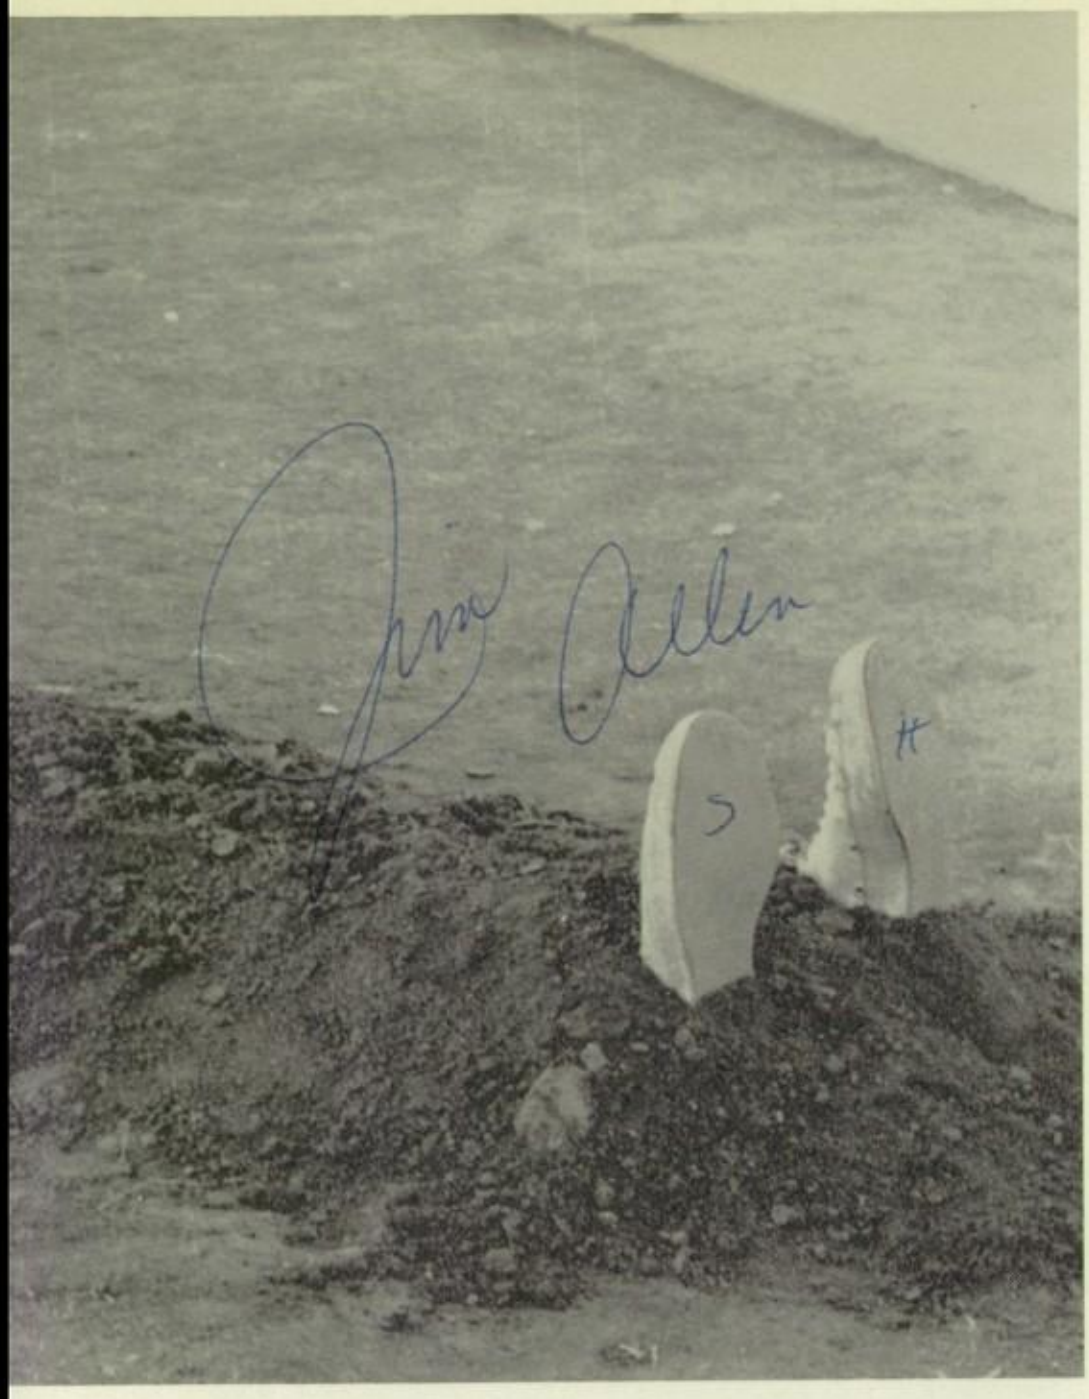
Practice makes perfect and this twosome seems to be getting in all of the practice that they can.

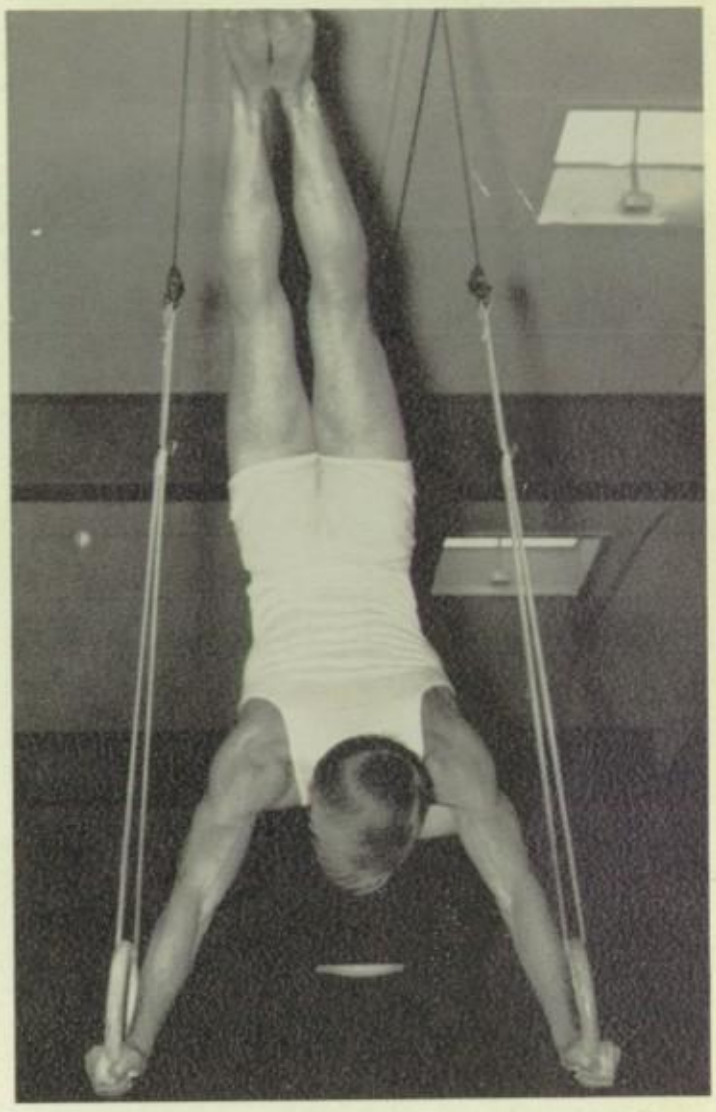
John Jacobson, John Selb, and Ronny Bisbee are flipping coins to see who writes out their next term paper.



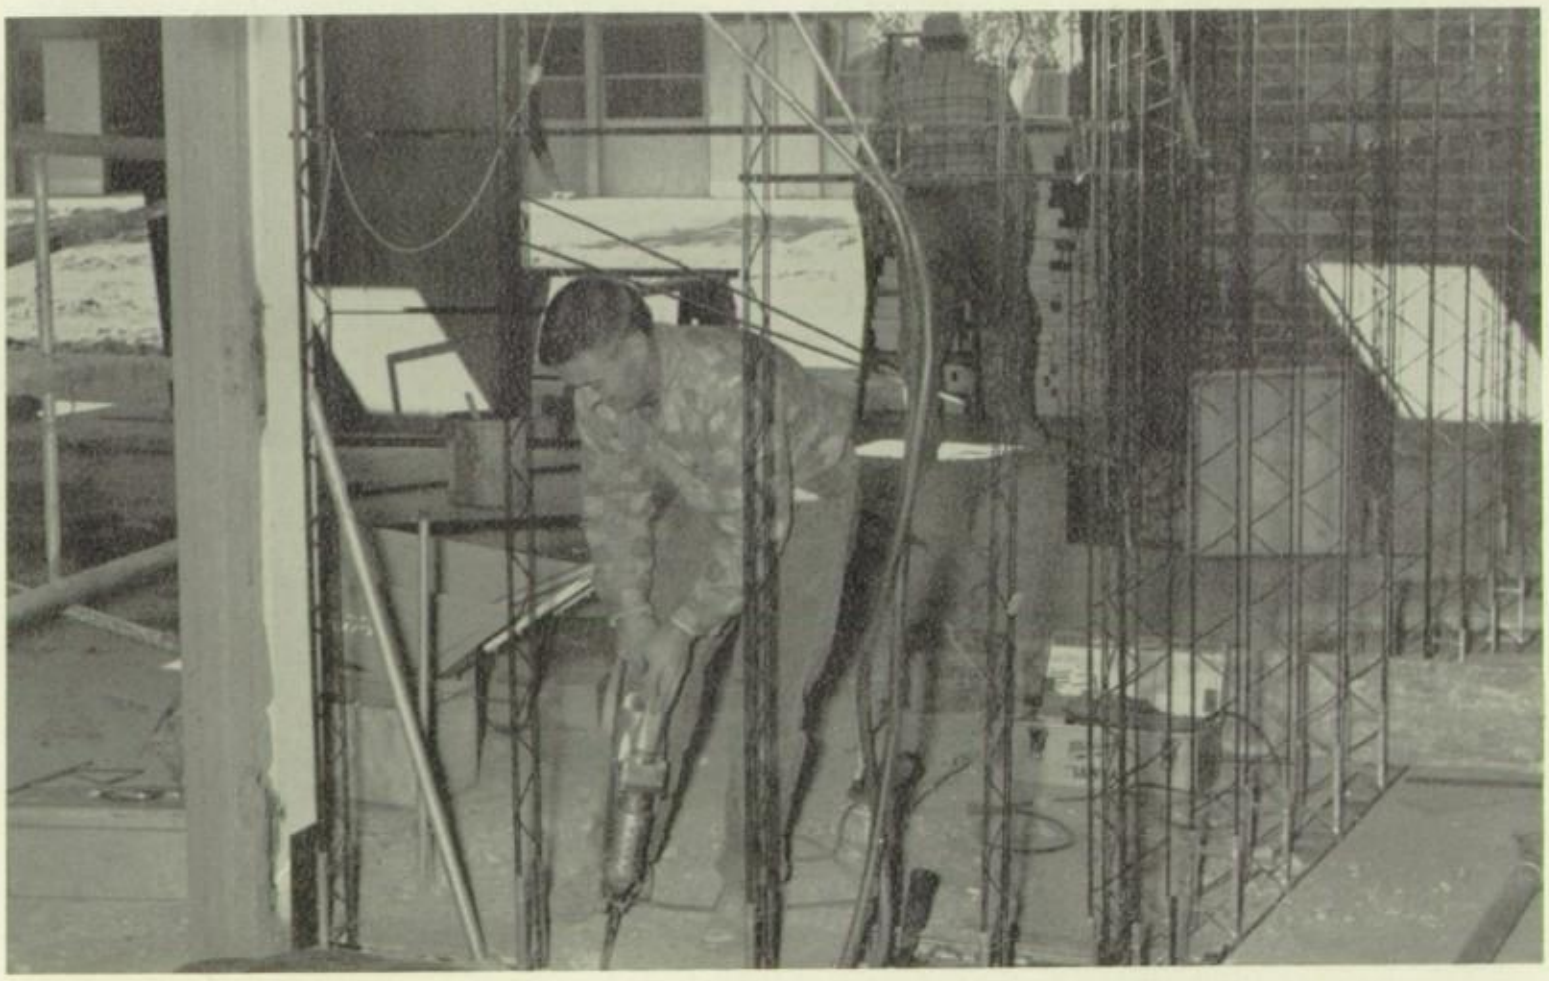
The Prescott basketball team lies peacefully at rest. Engraved on the headstone are these words: "Prescott basketball team, died night of February 2, 1962. Cause of death: beaten badly by the Washington Rams."

They're off! This is our Washington High track team working out under the assistance of Coach Fred Olsson.





Flexing his muscles, Skip Johnston gives a preview of our gymnastic team.



Evidence is seen here that Washington is beginning to grow. These men working on the building make a lot of noise, but it's worth it.

School Spirit at Work and Play

"Go, Fight, Win!" yell our varsity cheerleaders as they practice for the Friday night game.

"I pledge allegiance to the flag . . ."

A surprise shot of the journalism room before the journalists' arrival. As you can see in the next picture, the journalism room never looks this way.

THE PAPER'S OUT!

Even teachers need relaxation after a day's work. Coffee is provided by the Classroom Teachers Association. Teachers find peace after a day of chores.

Mrs. Dorothy Barkson and Boyd Dinehdeal discuss plans for Boyd's future years at Washington.

"Sink it!" Washington vs. Glendale at Glendale.

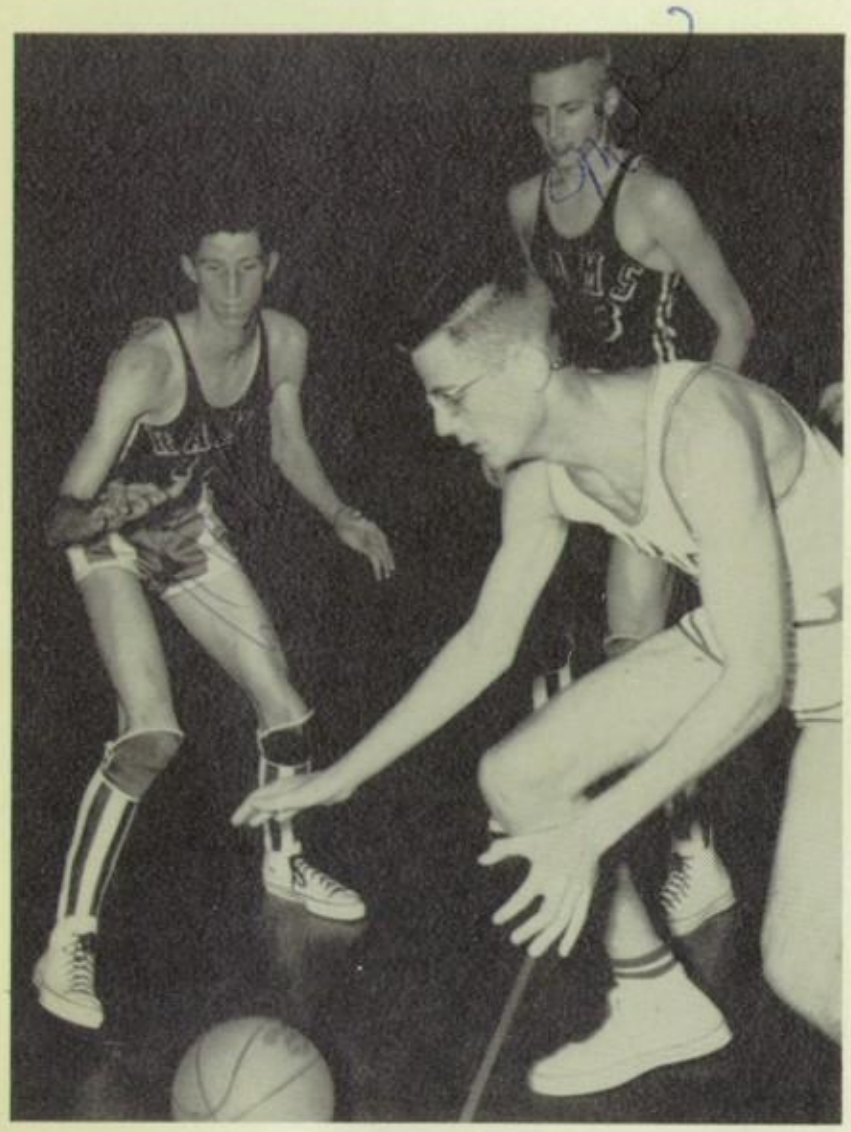
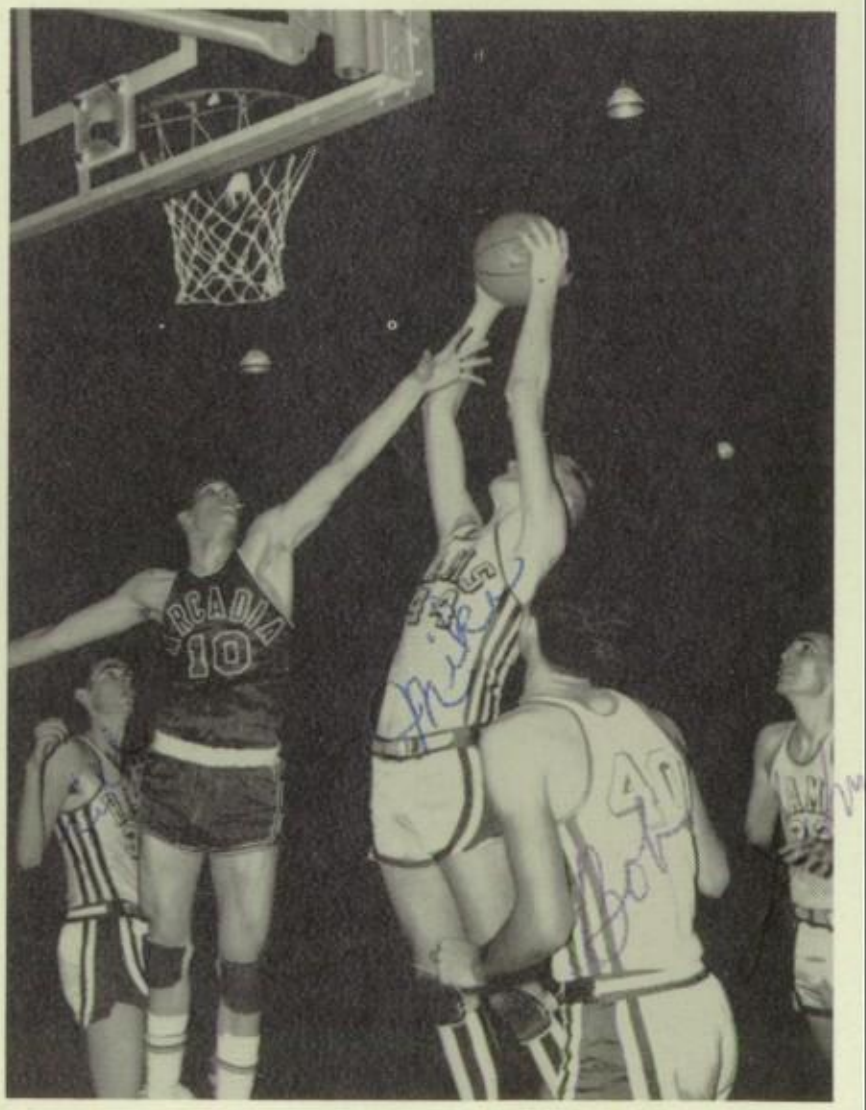
Rams Hang Up 18-4 Record



It appears that Dave Zimbro and Mike Fisher just can't believe a Viking is about to pick up the ball.

As the centers go up for the tip, Mike Fisher, Mark Birch and Bill Zulager get ready to set up a play that may net them two points.

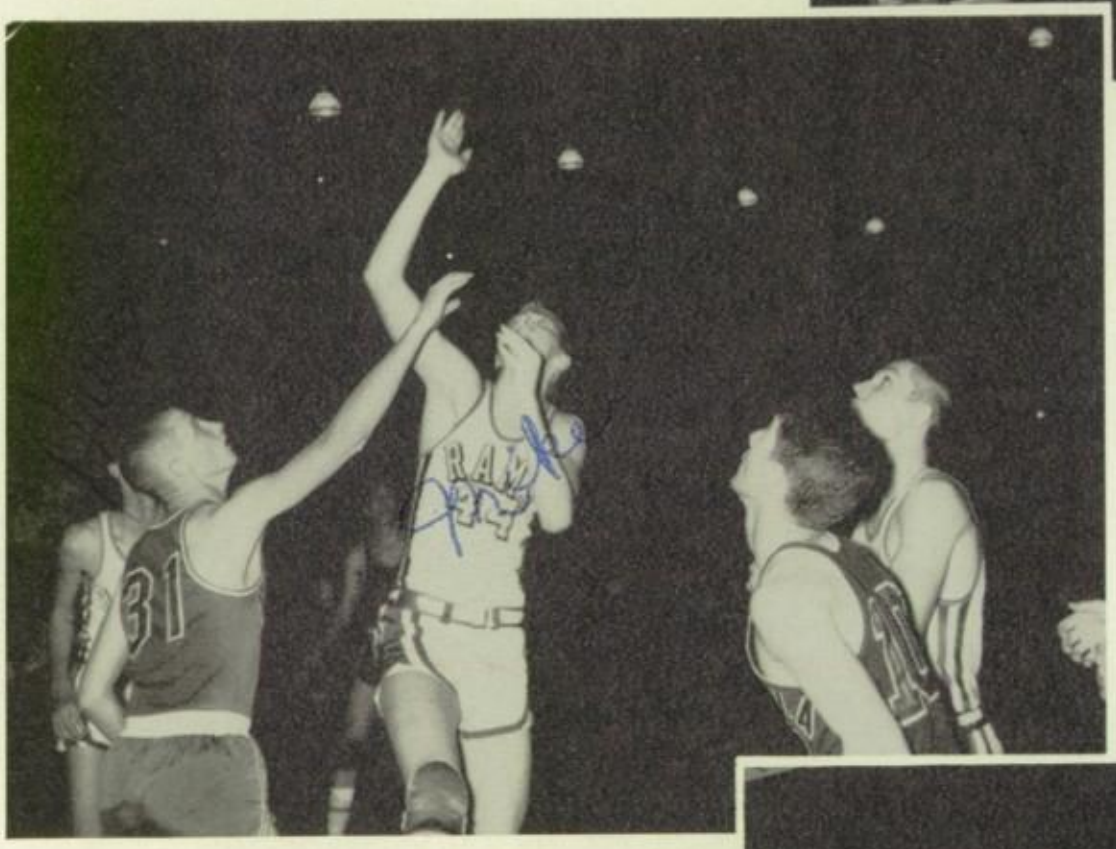
As though seeing a good basketball game isn't enough, spectators are entertained by the pompon girls between halves.



Mike Fisher is demonstrating the art of laying one in as Bob Scrivano and John Hanley come up to help.

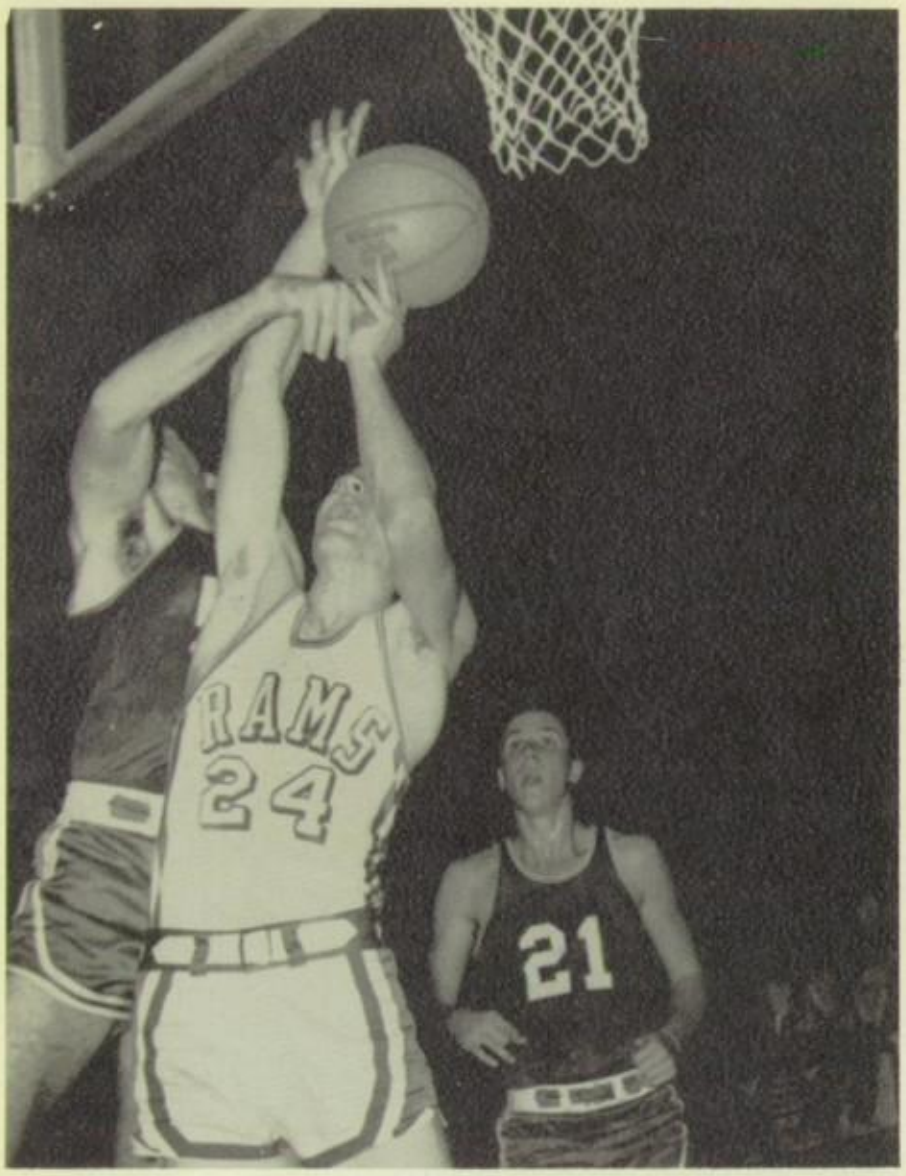
in Another Successful Season

Beating a game planned to slow up their fast break, the Rams took the measure of their old rivals the Sunnyslope Vikings 64-29. In this play Mike Fisher gets ready to rebound as Terry Hanley drops one through the hoop.



Mike Fisher tries a lay-up as a couple of Arcadia players look on in hopes of getting a chance to get the rebound. Terry Hanley is waiting just in case Mike should miss and someone is needed to make a tip-in.

Dave Zimbro does an effective job of blocking out a Glendale Cardinal as Terry Hanley takes a rebound. The Cards gave the Rams a real run for their money before the Christiansen coached five won 70-65.



An unidentified Sunnyslope player gets his shot blocked by Terry Hanley.

Frosh Play Good Basketball

The Frosh basketball teams practice hard all through the season and play a regular schedule of games in preparation for the time when they will move up to the junior varsity and varsity teams. Frosh basketball in the school greatly improves the quality of the varsity basketball played in later years.

Tom Valead and Lowell Akers practice their starting position during track practice.

Team Needs Speed

The boys on the track team work very hard and practice long hours even if they do not have a large audience to cheer them on.

Sometimes students do not realize that track can be just as much fun as a football or basketball game. Each member of the track team must depend upon his own skills and does not have a teammate there to help except on relay races.

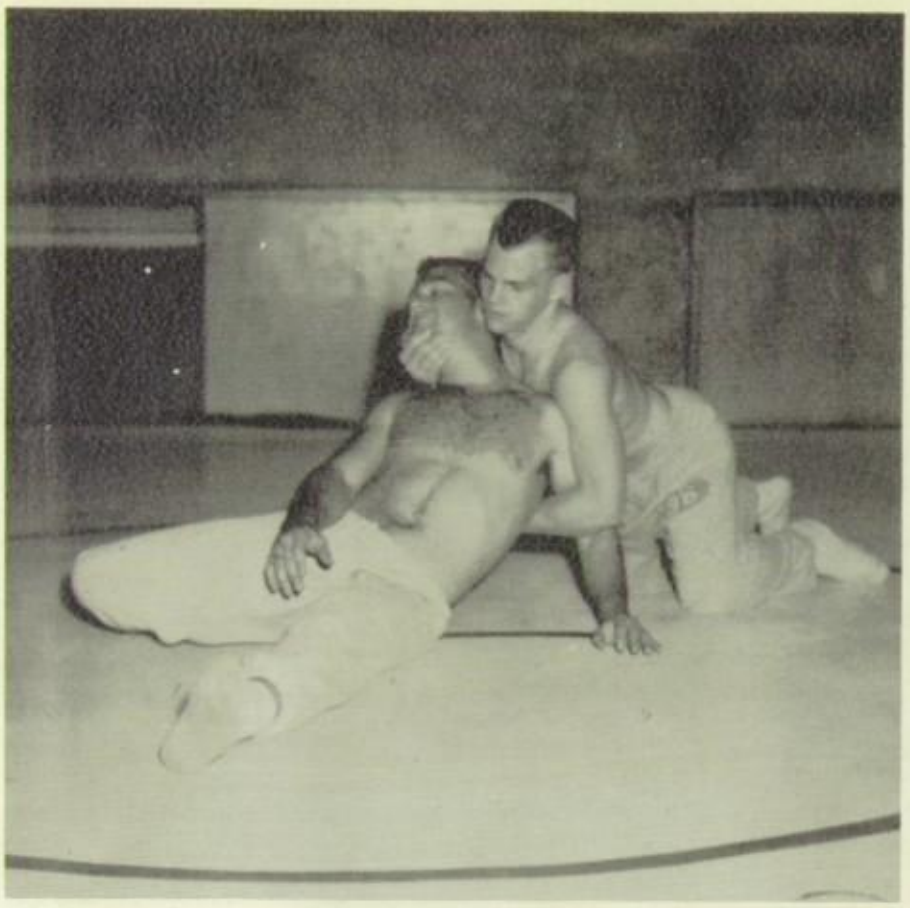
Ram Diamond Squad Set for Season

Alice, You are a real nut, but a real sweetone. Lots of luck. Alvin Jones 63

Paul 'Obie' Oberhaus takes a vicious cut at a fast ball in early-season practice.

Although baseball season is just getting started when the final deadline for the annual comes around, Coach Harvey Jensen had his varsity diamond men give us a preview of what the coming season is likely to bring. The Rams lost a number of lettermen from last year's squad, and they will be hard put to find replacements. However, Coach Jensen seems to believe that with the nucleus he has the team will make a good showing this year. Baseball is a game that takes practice and skill, and Coach Jensen will see that the players get the practice if they can furnish the skill.



Sid Gilbreath and Roger Soderburg demonstrate the skill that gave both of them wins in a majority of their matches this year. This particular escape by Gilbreath is called a "sitout."

Soderburg and Gilbreath again show the photographer how a "sitout" is accomplished. It takes hours of practice and a lot of strength to be able to perform these escapes in the heat of a match.

Good Wrestlers Must Practice

John Cavalier demonstrates a pinning hold on Roger Soderburg as Sid Gilbreath begins the count which will signal the end of the match.

Tim Van Horn tugs and pulls, but gets nowhere fast.

Jayvees Have Regular Matches

Some JV wrestlers move up to varsity every year, but this is the way the jayvees lined up in mid-season: Jerry Hyde, mgr., Gary Hasbach, Barry Wolinsky, Harold Breese, Steve Isaacs, Buddy Combs, Larry Jensen, Jim Humphrey, Coach Dale Thornburg; *second row:* Gene Hunt, Chris Magadini, Phil Lund, Mike Malone, Dick Hughes, John Rehling, Jim Atherton, Bill Killen, Roddy Adams; *first row:* Charlie Johnson, Bill Laughton, Joe Craig, Bob Otto, Rodger Yaeckel, Steve Craig, Bob Roether, Frank Carrillo, Dennis Roberts.

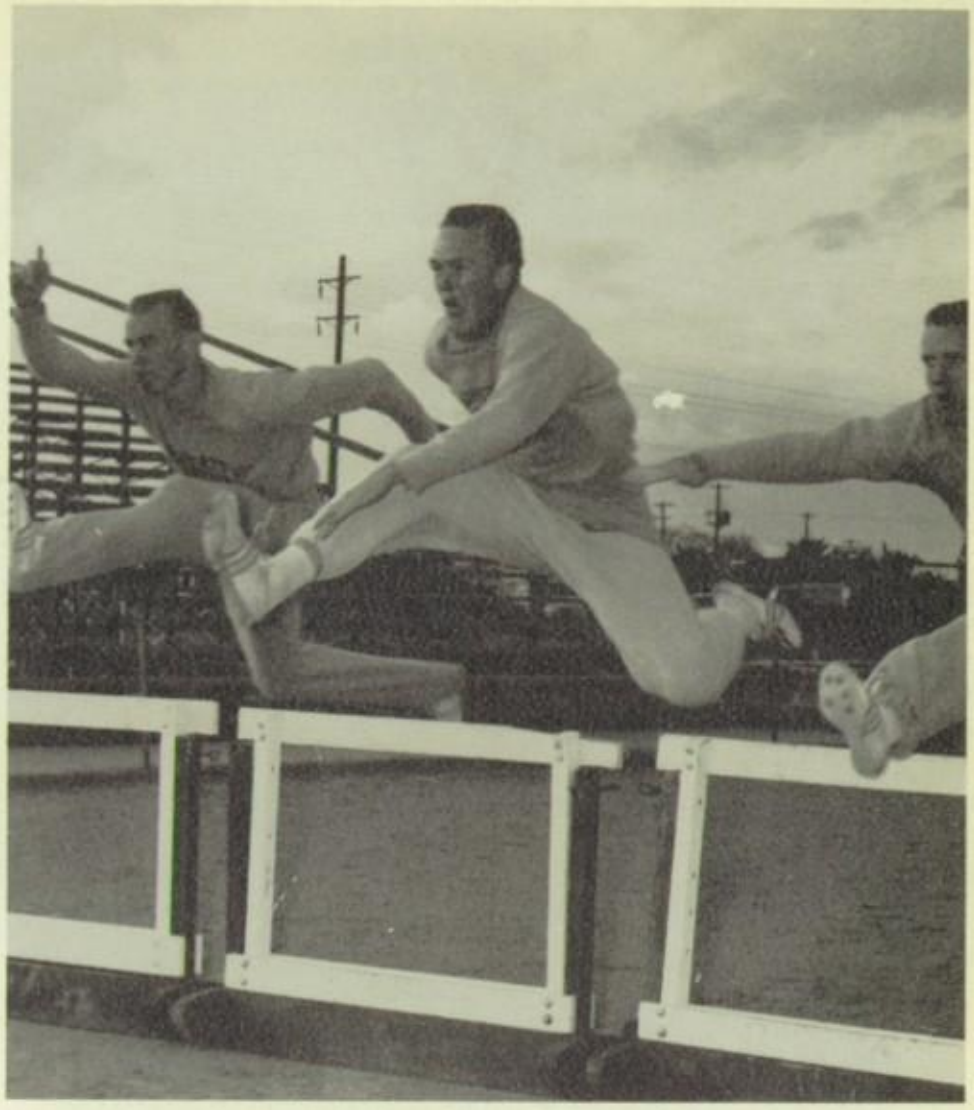
Wrestling Is Major Sport at Washington

Varsity wrestlers are *first row,* left to right: Jerry Hyde, Jim Hernandez, Bob Boscamp, Rick Tribble, Larry McLean, John Winn, Bill Baker, Jerry Hopkins, and Tim Van Horn. In the *second row* are, left to right: Don Geoglin, Efriam Almada, Rodger Soderburg, Sid Gilbreth, Wayne Belkin, Elby Bushong, John Caviler, and Coach Czeslaw Schmidt.

Although the spectator may not know the difference between a half-nelson and a sitout, wrestling is still an exciting sport. There are many kinds of holds and after seeing several matches one may learn to distinguish between them.

From this angle it is hard to tell who these two grapplers are, but they seem to be going at it hard and fast.

George Hester shows his form in the broadjump.



Walt Vaden, George Hester, and Lowell Akers running the low hurdles.

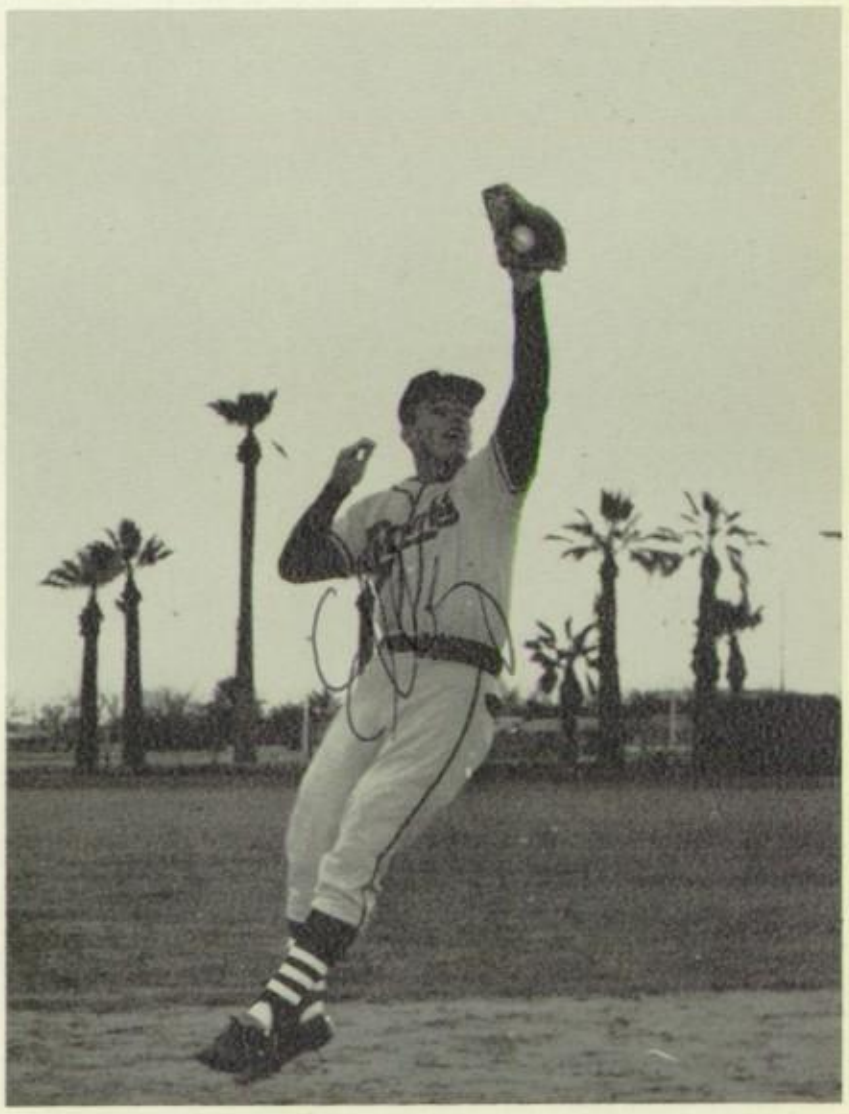
Charles Miller and Ken Krebs run the 440.

Lowell Akers takes the baton from George Hester.

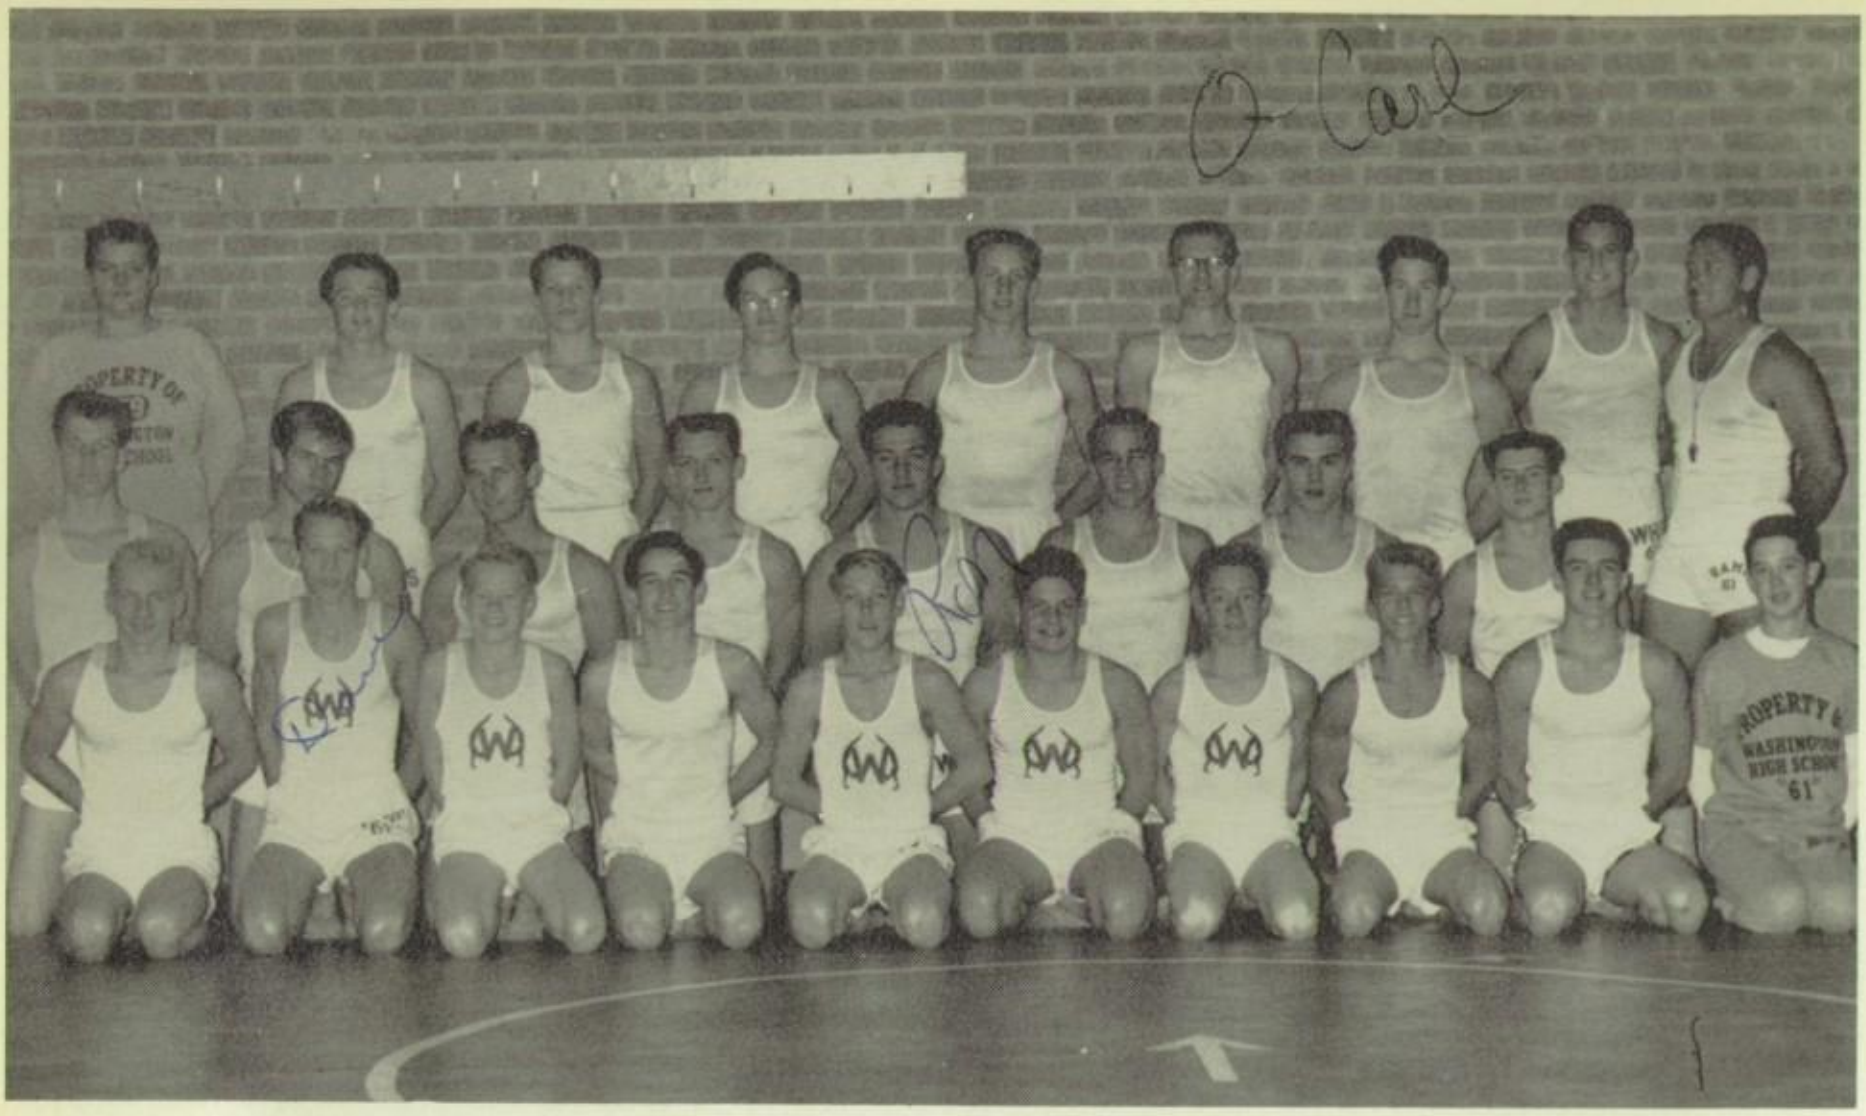
It takes a big turn-out of freshmen in order to make sure that the future varsity team will be well supplied with talent. The freshmen play several games during the season, and thoroughly enjoy their preparation for future varsity participation.

Varsity Baseball Comes Later

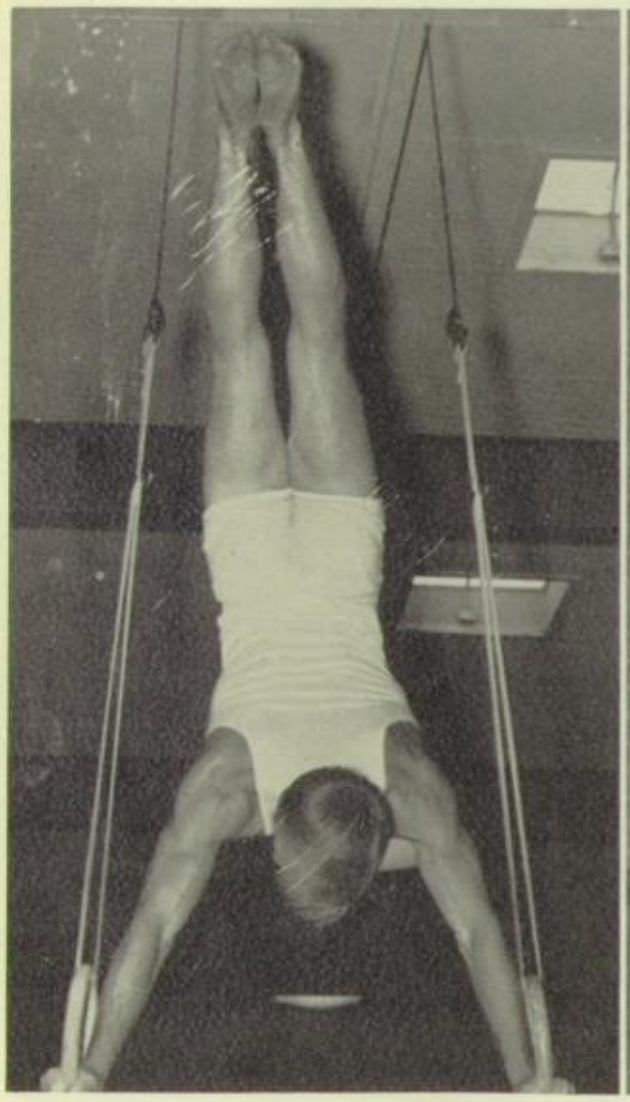
Catcher Alvin Jones catches a wild pitch.



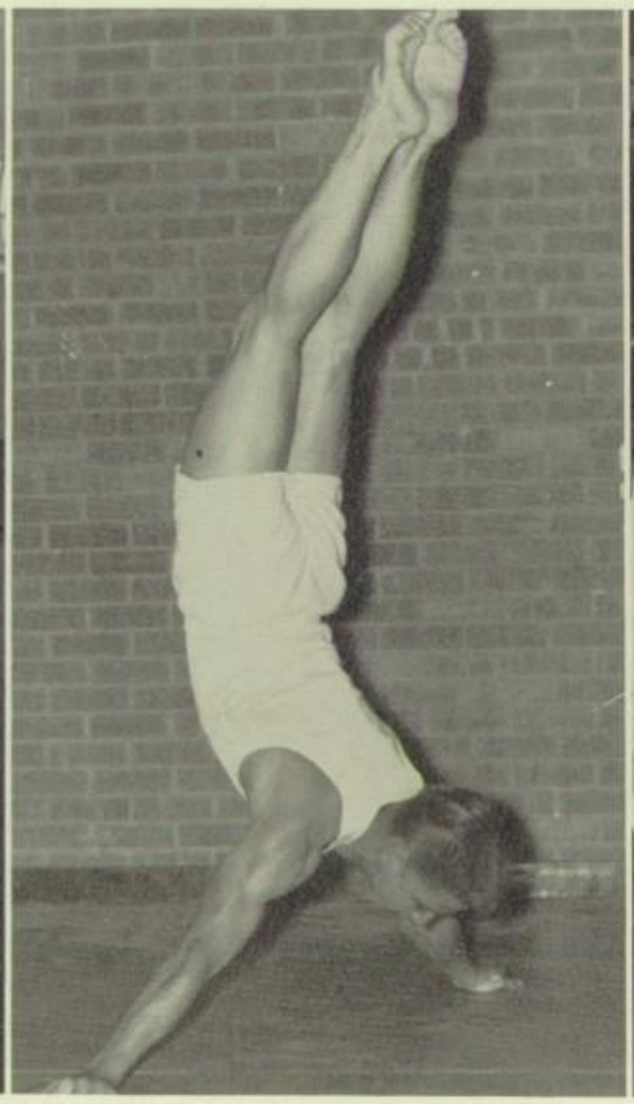
Elby Bushong catches a line drive.



Varsity gymnasts prepare for their meets through hours of working at their specialties. *First row,* left to right: David Christmas, Dave Brimhall, Tom Pallock, Robert Martin, Dewey Yates, Dan La Fontsee, Richard Zody, Joel Pearson, Hal Yeckel, John Horton, Mgr.; Bill Kenrich, Skip Johnson, Les Christianson, Jim Nelson, Ron Mannery, Richard Hughes, Chuck Oxentenko, Rodger Yeckel, Dave Ford, Mgr., John Haviland, Ron Ford, Keith Derby, Randy Willer, Gary Page, Leonard Frakes, Robert Napier, Coach Bob McDannold.

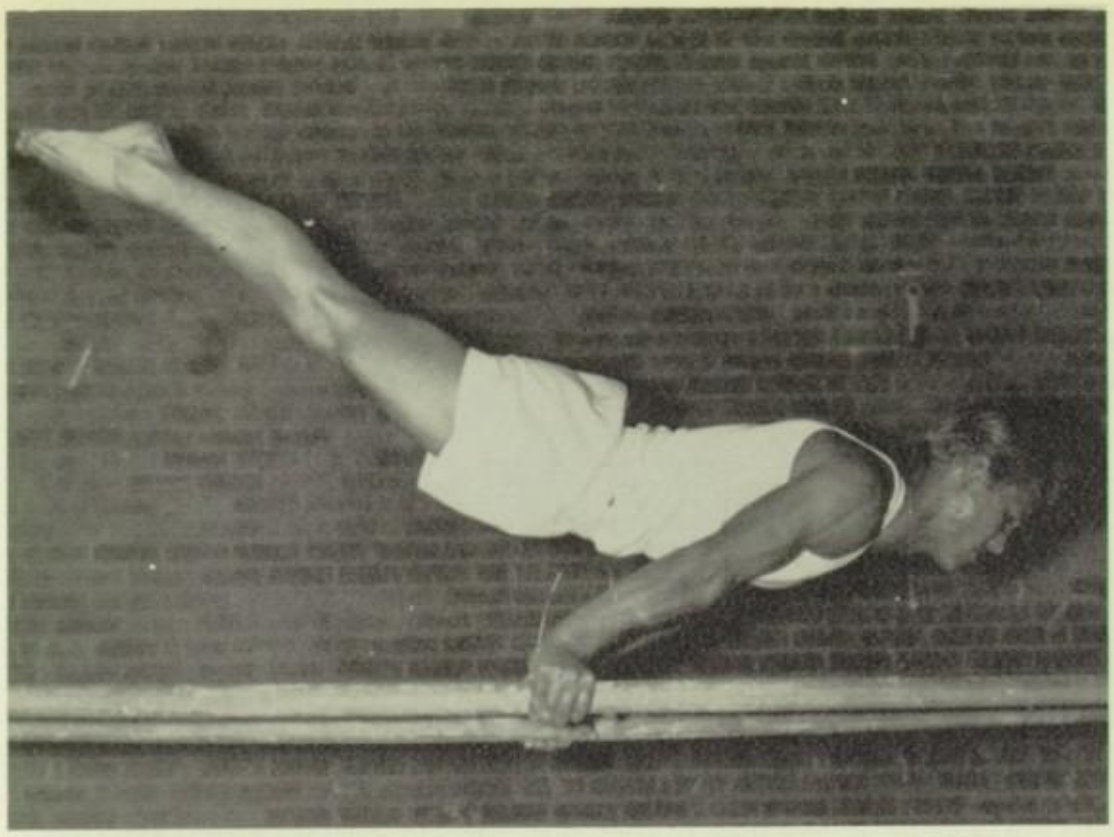


Skip Johnson does a handstand on the rings.



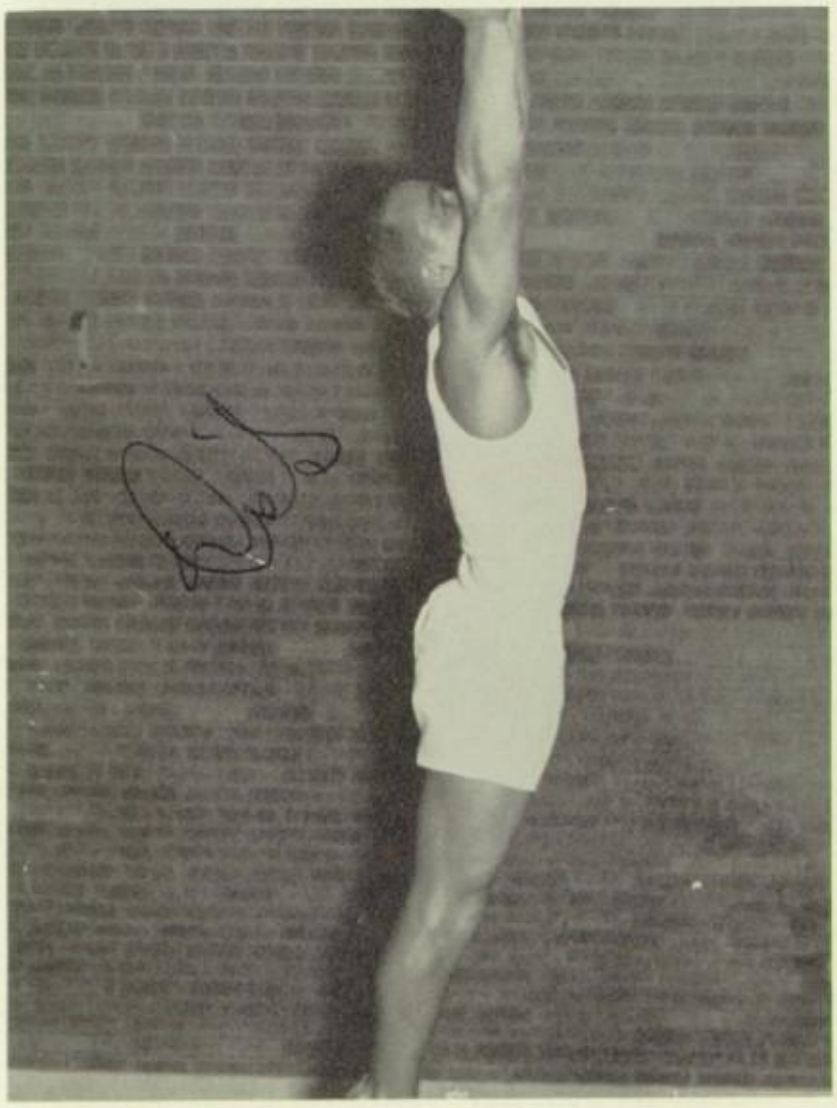
Jim Nelson demonstrates real muscle control.

Roger Yeckel is almost to the top of the rope.

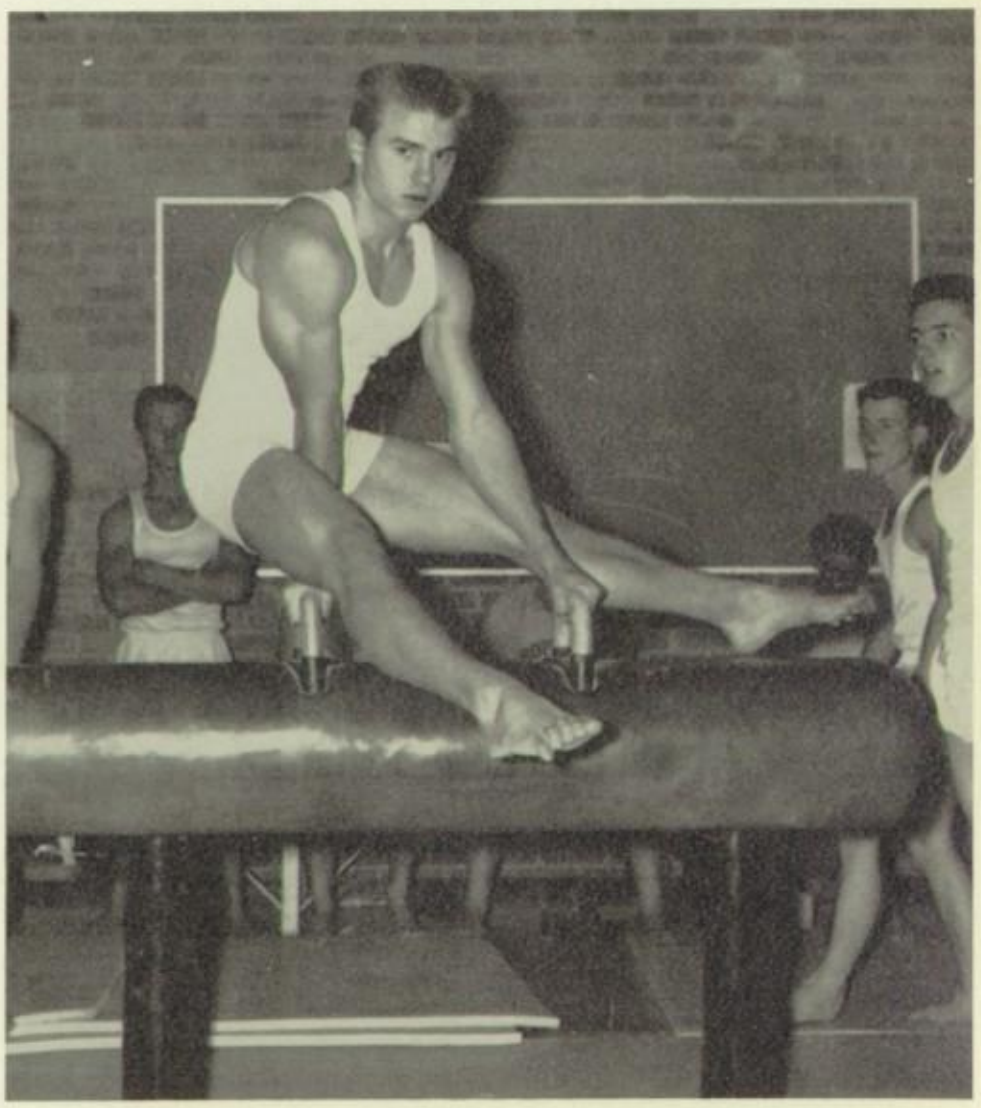


Les Christensen performs on the parallel bars in practice.

Les Christensen shows his strength.

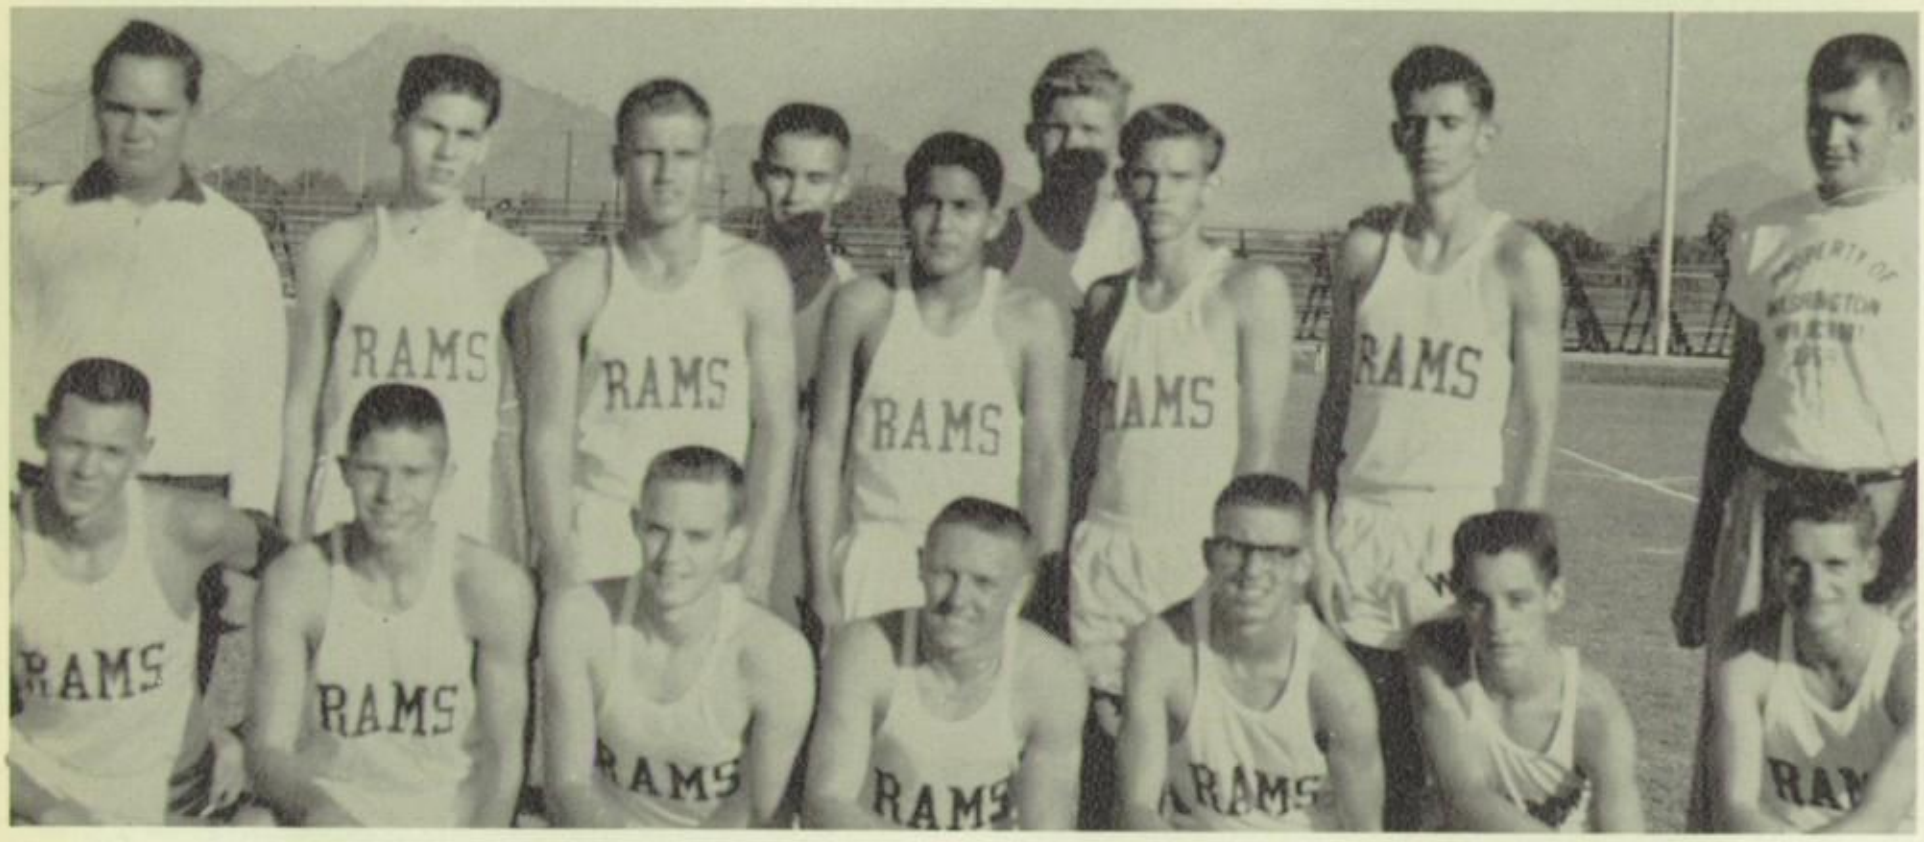


Dick Hughes seems to be extended in mid-air.

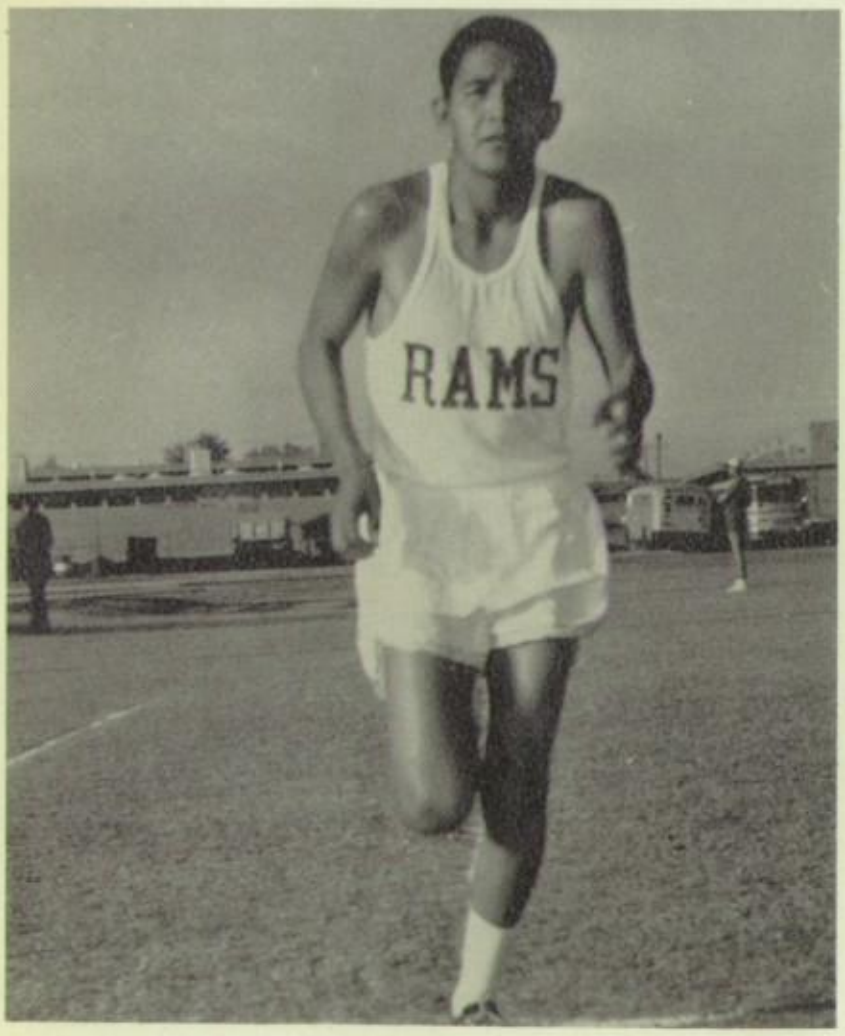


Chuck Oxentenko on the sidehorse.

Weather Condition Is Important in Cross Country



First row, left to right: Bob Anderson, Bill Killen, Howard Taylor, Bill Hallisey, Ed Hart, Fred Vadney, Bill Reid; *second row:* Larry Jensen, Mgr., Bob Neveln, Charles Miller, Kenny Krebs, Gary Thomas, Barry Lunn, Gene Beck, Phil Lunn, Coach Fred Olsson.



Gary Thomas comes across finish line.

A great deal of acknowledgment is due to the Cross-country team, these boys who participate in this sport do this with practically no recognition at all. This year the "two milers" had a fairly good season. Many Washington High School boys condition themselves for other sports by running with the cross-country team. Coach Fred Olsson makes sure that all of his athletes are in good physical condition and capable of taking the beating that a cross-country trek can deal out.

Letterman's Club

First row: Gary Thomas, Carl Fosdick, Bill Hallisey, Dave Hall, Roger Soderburg, John Winn, Mike Roether, Rick Elder, Dave Ousler; *second row:* Bob Nevlin, Mike Harden, Mickey Batsell, Alvin Jones, Richard Cheery, Kip Kolson, Bob Anderson, Phil Lunn, Bill Reid, Lowell Akers; *third row:* Coach Ed Sine, Tim Tyers, Larry Stanley, Charley Miller, Larry Jenson, Paul Oberhaus, Steve Issacs, Elby Bushong, Sid Gilbreath, Tom Valead, LeRoy Nenneman, Ken Krebs, Ted Tittle, Coach Schmidt; *fourth row:* John Cavalier, Larry Hendershot, Jim Raper, Dave Zimbro, Mike Fisher, Walt Vaden, Barry Lunn.

Lettermen Are Proud to Belong

The officers are, Phil Lunn, Sec.; Sid Gilbreath, Sergeant-at-Arms; Lowell Akers, Pres.; and Elby Bushong, Vice-Pres.

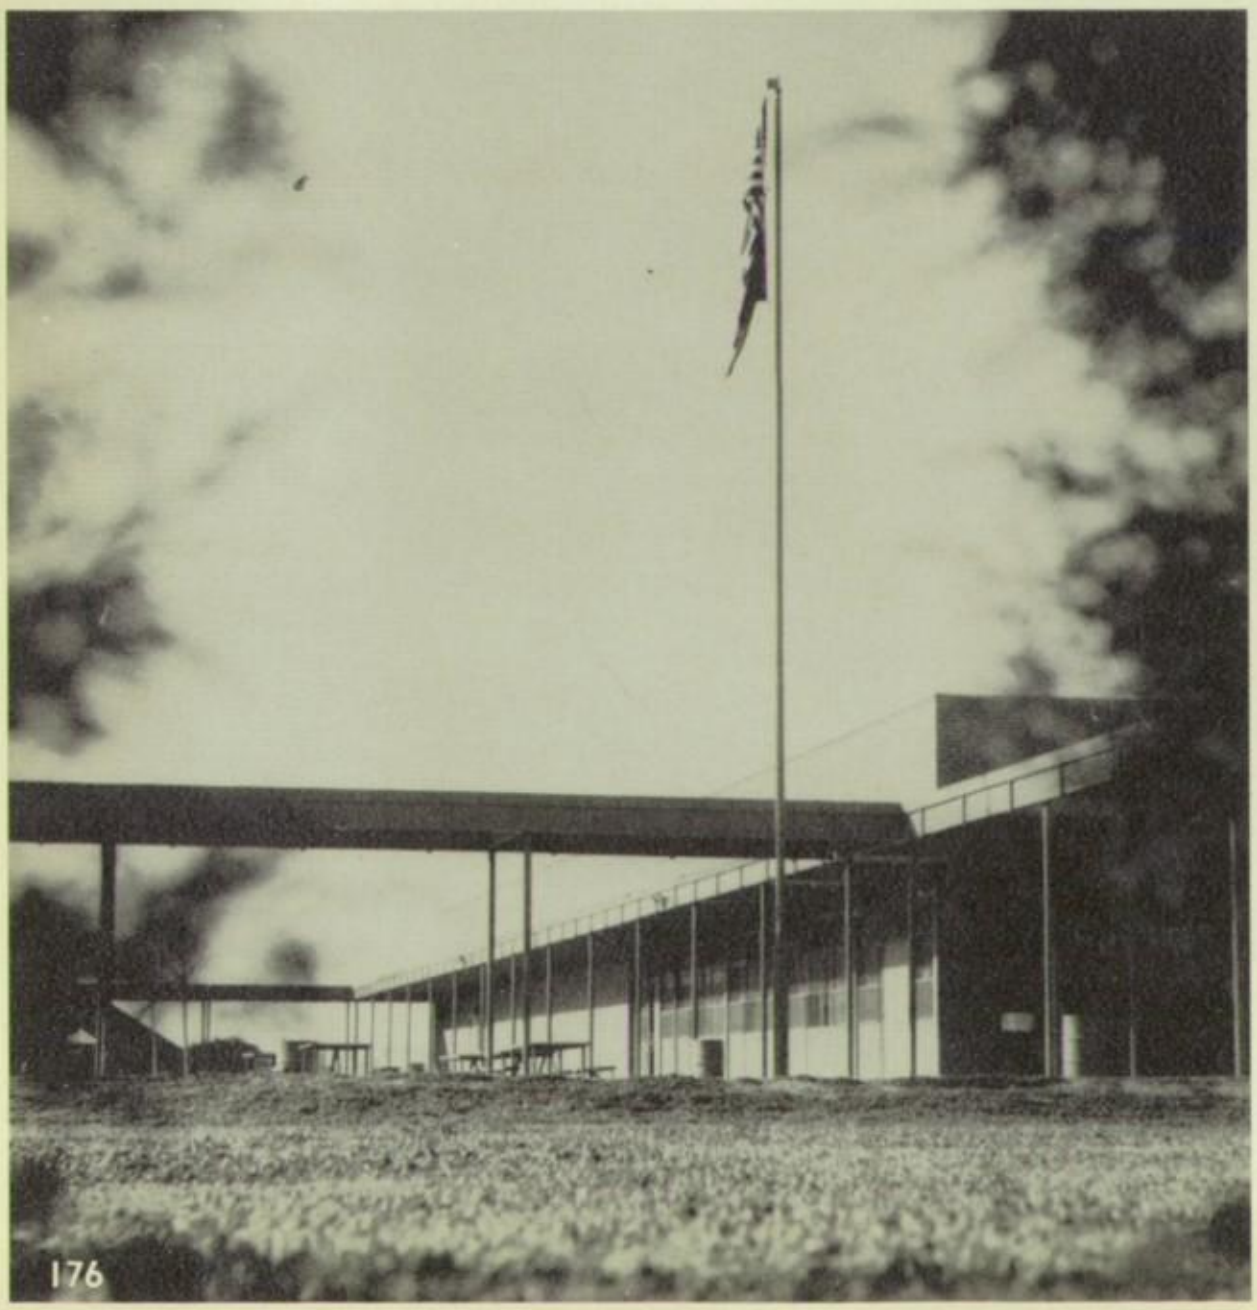
Seniors Remember Mascot

Washington High School's Mascot "Rammie" is present at all home football games. Many seniors will remember Rammie as a booster of school spirit.

YOB Week Includes Seniors

The seniors also took an active part in YOB week. Seniors Donna Kershner and John Fletcher were among those attending the Sweetheart Formal. The false ceiling of red and white crepe paper was a beautiful sight.



This memorial sight will always be remembered in the hearts of all Washington High seniors. It shows cafeteria before construction was begun, and Old Glory waving proudly over the WHS campus.

Like the Guaranty Bank building, the junior class of 1961-1962 will rise into knowledge, growing in wisdom as each year goes by. The hopes, the ambitions, the goals of this class are symbolized by this building. They seem high and far away, but with work and patience, they can be reached.

Junior Class Officers

Cheryl Hammond Charlotte Snyder Ralyne Conley

Katie Kalin Buddy Combs

Decorations for the Sweetheart Dance featured a white cloud with a false ceiling.

Charlotte Snyder and Gary McNichols, one of 150 couples who attended the Sweetheart Dance, enjoyed the three hours of music and laughter.

The main projects of the junior class are the Sweetheart Dance and the Junior-Senior Prom and the concession stands at the football games. Girls traditionally take the boys to the Sweetheart Dance. The Junior-Senior Prom is the big dance of the year and is held in April.

Juniors Make Plans for Dances

Dean Dixon, Bob Kenrich, and Sharon Nelson are a few of the committee members making plans for the Junior-Senior Prom.

Cheryl Hammond, Ralyne Conley, Buddy Combs, Katie Kalin, and Charlotte Snyder take a break from planning the prom while Mike Longstreth works diligently at the desk.

To Alice

I hope we will have fun in S. H. A. Next Year. It has been real nice knowing you.

Your Friend

Rosali Polica

"65"

Traditionally the Freshman class is the "green" class in any high school. This year's class of "greenies" did about as much as is possible to change the feeling that the ninth graders don't know their way around. If they keep up their development they will be a power-laden Class of '65.

Alice,

Stay as sweet as you are. Good luck in whatever you do.

In the fall of the year almost the entire school turned out to see the Ram football team in action. Symbol of school spirit was "Rammie," mascot brought to all games by the Future Farmers of America. If school spirit would win football games, there would have been no doubt as to the outcome of any of the Rams' contests. This year's freshman class was especially high in school spirit, and were among the loudest and longest cheerers when the kingly "Rammie" was paraded before the bleachers.
